- Cleaning brush

Service
- 2-year worldwide guarantee

Highlights

11 locking length settings
The single adjustable comb provides length settings from 3mm to 21mm, with precisely 2mm between each length. Or you can use it without a comb for a close 0.5mm trim.

All-in-one comb
Choose from different length settings without the hassle of swapping combs.

Built to last
All of our grooming products are built to last. They come with a 2 year worldwide guarantee, worldwide voltage compatibility, and they never need to be oiled.

Corded use only
Power cord provides constant power

Easy to clean

Simply pop the head open and use the included cleaning brush to sweep away the loose hairs.

Self-sharpening steel blades
The steel blades lightly brush against each other, so they sharpen themselves as you trim! The blades stay extra-sharp to always cut hairs neatly and effectively, but have rounded tips to protect your skin.
